Hi there team City Clerk.

So, is the letter final? Will you be sending them out today?

My question is about the dates for council public hearing and ballot tabulation—what if we push it back to after Thanksgiving?
The days of Nov. 29 and 30th instead of the 8th and 9th?

How does that impact the overall schedule for the BID, should it pass?

thx

Laura McLennan

I do not recommend changing the date to later. This will delay billing and ultimately impact funds available for the BID to start,

Morning,

I am told that the Mayor should be signing the Venice BID ordinance today.

Once he does, what are your next steps?

Ballots/Letters get mailed how soon? within a week or two?

I want to be able to let our folks know when to expect to receive them in the mail... and tell me again, the ballots have to be out in circulation for 45 days, yes? by law?

Good Morning.

After we get the signed Ordinance of Intention, we add the Public Hearing Date. The Ordinance will be published. We plan to mail out the letters/notices/ballots to the stakeholders tomorrow. The Public Hearing is planned for November 8, 2016

Pursuant to Government Code 53750, the notices of public hearing must be mailed at least 45 days prior to the date of the public hearing.

Hello, I was wondering if you could tell me if these properties listed below have affordable housing covenants? And if we wanted to check in our Business Improvement boundaries for others, is there a mechanism to do that? I don't mean the list I shared previously, but our entire BID area. The list I sent was just a small approx. one block area. The BID is much larger.

345 4th Avenue 151 Ocean Front Walk

Thank you so much, Debbie

Proposed Venice BID & Residential Properties Zoned Commercial

To: Holly.Wolcott@lacity.org, councilmember.bonin@lacity.org, debbie.dynerharris@lacity.org, miranda.paster@lacity.org Cc: Tara Devine <tara@devine-strategies.com>

Hi, my wife and I mailed certified the letter and map below (also attached) on July 15 to everyone in the address line and have not heard any response as yet. Please contact us in some form to let us know if we have any options.

Thank you, Bill & Laura Kuel

July 14, 2016

Holly Wolcott, City Clerk 200 N. Spring St., Room 360 Los Angeles, CA 90012

RE: Venice BID & 1307 Innes Place, Venice, CA 90291; APN: 4238011022

Dear Ms. Wolcott,

Upon the advice of Tara Devine of Devine Strategies, this letter is addressed to you with copies sent to The Honorable Mike Bonin, Debbie Dyner-Harris, and Miranda Paster.

We are writing because of the proposed Venice BID and the adverse impact it will have on our property. Based upon the state and city laws that Ms. Devine has cited us, the inclusion of our property, along with the adjacent property at 120 Westminster (and many others, we're sure) strikes us as arbitrary and inherently unfair.

While the concept of a Venice BID is sound in principal, and apparently effective in other parts of Los Angeles and the rest of the country, it's application would place undue hardship on our ability to continue offering residential rentals. We have owned, lived in and managed a small fourplex, under rent control, in Venice for the past 20 years and, at present, lease out two of the units—both at below market rent.

The BID incorporates all commercial, industrial, and government-zoned parcels, but exempts all residential-zoned parcels except R4 and R5 (of which the Venice BID area has none, according to Ms. Devine). It is our misfortune that our parcel is, for whatever reason, zoned C4. The apartment building on our lot was built by Abbot Kinney in 1910 and has always, and only, operated as four small one- bedroom apartments. The larger multi-unit building next door at 120 Westminster has over a dozen units and is of similar age and always been used for residential purposes, but is zoned commercial as well.

Directly across the back alleyway (Park Row) from both buildings, there are two other multi-unit apartment buildings at 1302 & 1304 Pacific Ave., each with 7 or more units (we believe), but they are zoned residential. If you look at the enclosed proposed Venice BID map, you can see how they are exempted by a carved-out, zig-zag U-shape in our immediate area. Meanwhile, all the other parcels between Speedway and Pacific (all the way to Main on the other side of the Westminster dog park, including all the rest of Innes Place going northwest) are zoned residential and are exempt. Many of these properties are multi-unit rentals operated by absentee owners and/or professional management companies.

The proposed BID assesses our parcel not only on street frontage, but also on the alleyway, for a total of just under \$2,200 per annum. This represents a full 42% increase in our property taxes from 2014-15. Given the age of our fourplex, we are already hard-pressed financially to maintain the property in sound condition (which we do and will continue to, regardless). Also, in the interests of attracting and maintaining good long-term tenants, we have consistently offered the rental units at below market rents and do not raise the rents every 12 months, as we're allowed to under rent control. We occupy the other 2 units as our home.

At the same time, other multi-units in the area, including at least one of the aforementioned exempt buildings on Pacific, are running illegal Air BnB-type short-term rentals (this is another issue in itself, as many of their guests often party loudly late into the night, vomiting and urinating off the balconies). At least two of the originators of the BID proposal are being sued by the city for running illegal hotels. Their properties are not exempt, but if they were converted back to apartment buildings they would face larger tax bills, making it harder to offer affordable units. In any event, they are large beachside properties that I'm sure would command top rents. If you are interested in maintaining any semblance of affordable rental housing in Venice, you may wish to consider the impact of the BID on the small mom & pop residential operations such as ours that are included in the BID. Our current and future tenants will most likely have to share some or all of the BID in terms of their monthly rent.

Our real dilemma is that there is apparently no redress under current state and city law to address our particular situation. I quote Ms. Devine:

"Here's what I do know:

- Regardless of whose decision it is, the City does not allow LA BIDs to include R-zoned properties within BID boundaries <u>unless</u> they are R4 or R5. (NOTE: There is currently no R4 or R5 within the area of the Venice BID; Venice may not even have any R4 or R5.)
- I have been told that R4 and R5 are eligible to be included and assessed because those zones allow mixed-use in LA (most commonly, this = residential over commercial.)
- Other cities in California interpret the state law differently.
- California BIDs are governed by the Property and Business Improvement District Act of 1994 (California Streets and Highways Code Section 36000 et seq.) (sic). The residential issue is (sic) in Section 36632(c), which states:

'Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.'

- No further reasoning or guidance is given in the statute (so as with many laws, we are left open to interpretations.)
- P.S. <u>Note that ZONING is the determinant and not use</u>. This is per state law, and no city in CA can abridge this without being in violation of state law. I suspect that your issue will circle back to this point."

We could stomach the assessment much easier if all properties in the proposed BID, meaning ALL multi-unit residential-zoned parcels, were included, but as such, we feel singled-out to have to, in effect, subsidize all these other exempt residential properties with the substantially higher property taxes we will face.

We would greatly appreciate any suggestions on options we may have, including seeking a zoning-change, if necessary. Other than the fact that our parcel is relatively close to the center of Venice near Windward Circle, where "downtown" Venice is or used to be, we don't know why our residential property was zoned C4 to begin with.

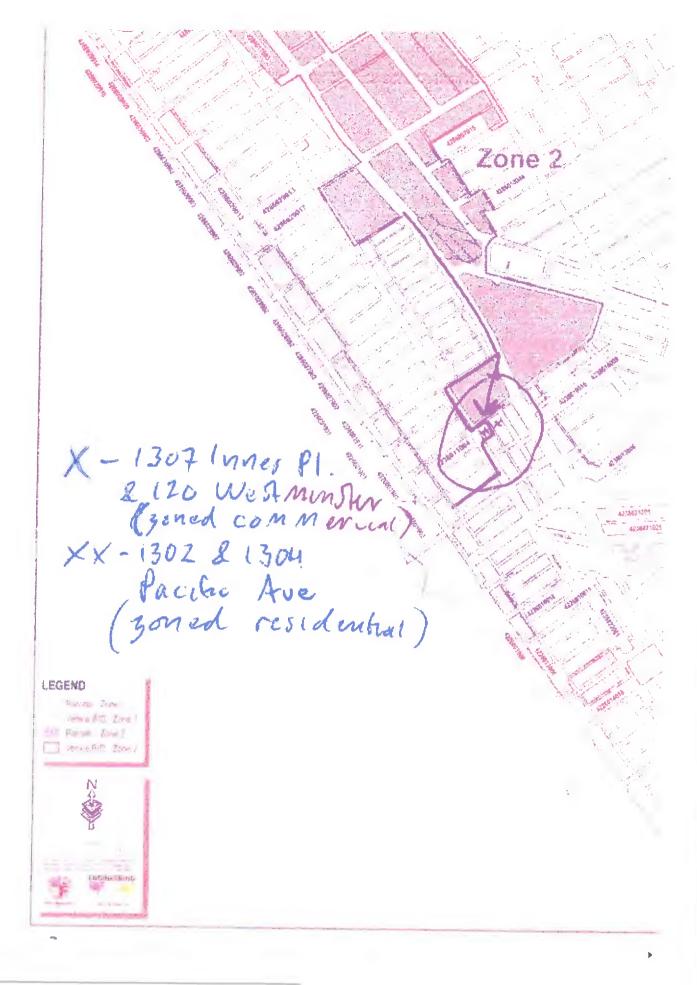

Thank you for your time and consideration.

Sincerely,

William & Laura Kuel

Thank you for your response.

One question, at this point:

The letter from Shannon Hoppes dated July 27, 2016 says our letter will be forwarded "to the engineer who determined that the property will receive special benefit from the Venice Beach Business Improvement District."

If the engineer determines that our residential property does not, in fact, receive "special benefit" from the BID, does he/she have the authority to remove our parcel from the assessed list or recommend same?

For that matter, what is the criteria to determine "special benefit?"

Thank you, Bill & Laura Kuel [Quoted text hidden]

Rita Moreno <rita.moreno@lacity.org>

Fri, Aug 5, 2016 at 11:27 AM

Can you review this response:

Dear Mr. Kuel.

If the engineer determines that a particular parcel will not receive a special benefit, he/she has the authority to exclude or remove the parcel from the list of parcels to be assessed.

Proposition 218 defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large." The special benefit involves improvements, services and activities as indicated in the Management District Plan.

The engineer and the consultant, Devine Strategies, can assist you with more specific questions. Ms Tara Devine is copied on this

Thank you.

Rita

Rita Moreno <rita.moreno@lacity.org> To: Miranda Paster <miranda.paster@lacity.org>

Fri, Aug 5, 2016 at 12:52 PM

How's this:

Dear Mr. Kuel.

Proposition 218 states that "all assessments shall be supported by a detailed engineer's report..." and that only properties that receive a special benefit may be assessed. Therefore, the engineer makes the determination of which properties should be included in the district and the assessment level based on the proportionate amount of special benefit they will receive.

Proposition 218 defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large." The special benefit involves improvements, services and activities as indicated in the Management District Plan.

The engineer and the consultant, Devine Strategies, can assist you with more specific questions. Ms Tara Devine is copied on this message for follow-up.

Thank you.

Fri, Aug 5, 2016 at 1:32 PM

Pursuant to Proposition 218, assessments for special benefits must be supported by a detailed Engineer's report. It defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large." The special benefits for parcels in this proposed district are listed in the Management District Plan and Engineer's Report. We are forwarding the ER to the Engineer to ensure that he is supporting the special benefits listed for your parcel. [Quoted text hidden]

Dear Bill:

It has been some time since we last spoke, but I wanted to respond to your most recent questions. Please keep in mind, as we discussed during the petition stage, it is zoning and not use that guides assessment district formation. In many communities across California, zoning and use are not consistent. Conditional uses, legal non-conforming uses, variances, etc. are also all part of the landscape that causes differences between zoning and use.

- 1) No, neither the Engineer nor I can remove your parcel from the proposed BID.
- 2) Here are some excerpts from the Engineer's Report that address the special benefits conferred on your multi-tenant residential use property (zoned commercial):
- "Special benefit" as defined by the California State Constitution means a distinct benefit over and above general benefits conferred on real property located in the District or to the public at large.
- The property uses within the boundaries of the BID that will receive special benefits from BID funded programs and services are currently a mix of commercial, industrial, government and residential. No parcels within the District are zoned solely residential. Services, programs and improvements provided and funded by the BID are primarily designed to provide special benefits as described below to identified assessed parcels and the array of land uses within the boundaries of the District.
- For residential parcels and residential portions of mixed use parcels within the BID (all located on commercial or industrial zoned parcels), it is the opinion of this Assessment Engineer that each of these parcels and uses specially benefit similarly to commercial/industrial parcels, from the clean and safe and district identity and special project programs designed to improve the cleanliness, security, marketability and livability of these parcels and residential units on them. Since the majority of residential units within the Venice Beach BID are used as business enterprises, live/work units, rental units, or vacation rental units whether single family units, apartments or residential condominiums, it is the opinion of this Assessment Engineer that each residential unit shall be treated as an existing or potential for-profit business enterprise, live/work unit, rental unit, or vacation rental unit. As such, the proportionate special benefits conferred on all residential parcels and units shall be considered similar to those conferred on commercial/industrial parcels within the Venice Beach BID. For these parcels, BID programs, services and improvements are designed to increase residential rental occupancies, rental income and return on investments. These programs, services and improvements are designed to improve commerce, security and aesthetic appeal for tenants, visitors and landlords of these parcels within the Venice Beach BID by reducing crime, litter and debris and increasing the safety and attractiveness of residential rental units within the BID and the nearby array of tourist related goods, services and activities, all considered necessary in a competitive properly managed tourist-based business district.

Please let me know if you'd like to discuss this further.

Warmest regards.

Thanks for your follow up, Tara, we appreciate it.

I understand that we will receive a "special benefit" under the engineer's definition; however, no more so than all the other completely-residential properties in the BID zone surrounding us that will be exempt because they are lucky enough to be zoned R1, including the numerous aparment units being run as short-term rentals in contravention of the spirit, if not law, of LA's rent control laws.

Simply put, the laws, propositions and bureaucratic rules we face being zoned C4 put us in a uniquely disadvantaged position as for as the Venice BID is concerned. We find this completely unfair, particulary as there is no apparent mechanism to appeal our particular situation before any governmental or regulatory agency.

We are not eligible for the "Just and Reasonable Rent Adjustment Program" and cannot afford to seek historic designation given the massive cost it would entail to restore our fourplex back to 1910 (not to mention the likey drop in market value we would face with such a designation).

We've begun to look into seeking a zone change to residential, but as we're not developers, the process appears extremely onerous and has no guarantee of success. If you know of anyone we could consult with to find out if this is at all a viable option, we would be much obliged. We don't want to beat our heads against the wall and spend all kinds of time and money if this isn't a realistic possibility.

Thank you, William & Laura Kuel. [Quoted text hidden]

MAILING DATE: July 8, 2016

Council File 16-0749

HOLLY L. WOLCOTT CITY CLERK

SHANNON D. HOPPES

EXECUTIVE OFFICER

Council District 11

- NOTICE OF PUBLIC HEARING TO ESTABLISH THE VENICE BEACH (PROPERTY-BASED) BUSINESS IMPROVEMENT DISTRICT

Notice is hereby given that the City Council of the City of Los Angeles will hold a public hearing to determine whether to establish the Venice Beach Business Improvement District ("District") and levy assessments. The hearing will be held on:

Tuesday, August 23, 2016 10:00 a.m. John Ferraro Council Chamber Room 340 City Hall, 200 North Spring Street Los Angeles, CA 90012.

The public hearing will begin at 10:00 a.m. or as soon thereafter as this matter may be heard. At the public hearing to be held on August 23, 2016, the City Council will hear all interested persons for or against establishment of the District, the extent of the District, and the furnishing of specified types of improvements or activities, and may correct minor defects in the proceedings. After the City Council has closed the public hearing, the tabulation of the ballots shall take place in Room 223 of City Hall.

The City Clerk will certify the results of the tabulation of the ballots to the City Council at its meeting on Wednesday, August 24, 2016 at 10:00 a.m., or as soon thereafter as this matter may be heard, in the John Ferraro Council Chamber in Room 340 at City Hall, 200 North Spring Street, Los Angeles, California 90012. Depending on the results of the ballot tabulation, the City Council may consider adopting an ordinance establishing the District.

This notice lists the procedures for the completion, return and tabulation of assessment ballots. Included with this notice are 1) a summary of the Management District Plan for the proposed District, which includes the assessment formula, the total amount of the proposed

assessment chargeable to the entire District, the duration of the payments, the reason for the assessment, the basis upon which the amount of the proposed assessment was calculated, and the amount chargeable to each parcel, as set forth in the Management District Plan, which is incorporated by reference as though fully set forth herein; 2) an assessment ballot; 3) instructions for completion and submission of assessment ballot; and (4) a return envelope.

To complete the assessment ballot, the property owner should do the following: 1) verify that the information listed on the ballot is correct; 2) indicate his or her decision to either approve or disapprove of the District assessment by marking an "X" or other verifiable mark in the appropriate place; 3) complete and sign the ballot; and 4) insert the completed and signed ballot into the return envelope and submit it to the City Clerk's Office at 200 North Spring Street, Room 224 Los Angeles, California 90012. Completed and signed ballots may be returned to the City Clerk by mail or in person. However, the ballot must be received by the City Clerk prior to the close of the public hearing. At the conclusion of the public hearing, the City Clerk will tabulate the ballots. The ballots will be weighted according to the proportional financial obligation of the affected property.

The improvements and activities proposed for the District shall be funded by the levy of a special assessment on real property within the District. The City Council will not impose an assessment if there is a majority protest. A majority protest exists if the assessment ballots submitted, and not withdrawn, in opposition to the proposed assessment exceed the assessment ballots submitted, and not withdrawn, in its favor, weighting those assessment ballots by the amount of the proposed assessment to be imposed upon the identified parcel for which each assessment ballot was submitted.

Any person having a question or comment regarding City Council hearing proceedings, or regarding the establishment of the proposed District, may call the Neighborhood and Business Improvement District Division of the City Clerk's Office at (213) 978-1099 or fax to (213) 978-1130, and state such question or comment to the Deputy City Clerk assigned to answer inquiries.

Summary of the Management District Plan
Assessment Ballot
Instructions for Completion and Submission of Assessment Ballot
Return Envelope

SUMMARY OF THE VENICE BEACH PROPOSED PROPERTY BUSINESS IMPROVEMENT DISTRICT MANAGEMENT PLAN

ASSESSMENTS

The proposed assessment is a new assessment on your property. The proposed levy of assessment was certified by a California Registered Engineer and is described in detail with a narrative description of the services to be provided by the District. The full Management District Plan and Engineer's Report are available for viewing in their entirety online at http://cityclerk.lacity.org/lacityclerkconnect/ by searching for Council File No. "16-0749" in the Criteria box after selecting "16-0749" from the search results. The Report from City Clerk dated 6/24/2016 contains the full Management District Plan. An electronic copy of the City Council adopted ordinance is also available in Council File No. "16-0749."

The Management District Plan and Engineer's Report are also available for inspection in person. Reference Council File 16-0749 at the City Clerk's Council and Public Services Office, City Hall, Room 395, Los Angeles, California 90012. Copies can also be requested by calling (213) 978-1099 between the hours of 8:00 a.m. and 5:00 p.m., Monday to Friday. Requests received for hard copies of the Management District Plan and Engineer's Report may be subject to the California Public Records Act.

The information below is quoted and/or summarized from the Management District Plan and is provided to meet mandated public hearing noticing requirements, pursuant to Section 53753 of the Government Code:

* "The total amount of the proposed assessment chargeable to the entire district": The total District budget for the 2017 year of operation is approximately \$1,871,119. The following budget is listed on pages 4 to 7 of the Management District Plan:

Five (5) Year Budget Projections *

Costs by Category (Special + General Benefit)	2017	2018	2019	2020	2021	Percent
Clean & Safe Programs	\$1,365,917	\$1,434,213	\$1,505,923	\$1,581,220	\$1,660,281	73%
District Identity & Special Projects	\$130,978	\$137,526	\$144,403	\$151,623	\$159,205	7%
Administration & Management	\$374,224	\$392,935	\$412,582	\$433,211	\$454,872	20%
Total Budget	\$1,871,119	\$1,964,674	\$2,062,908	\$2,166,054	\$2,274,358	100%

^{*}Assumes 5% yearly increase on all budget items funded by the Venice Beach Business Improvement District. Note: Any accrued interest or delinquent payments will be expended in the above categories. Any annual budget surplus will be rolled into the following year's District budget. The budget will be set accordingly, within the constraints of the management plan to adjust for surpluses that are carried forward.

• <u>"The amount chargeable to the record owner's parcel":</u> For the first year, the amount applied to the record owner is specified in ownership detail on the attached Assessment Ballot. The full list of all assessed parcels in the District is included beginning on Page 6 of this notice.

(SEE THE ATTACHED YELLOW COLORED ASSESSMENT BALLOT, WHICH IS INCORPORATED WITH THIS NOTICE AS IF FULLY INCORPORATED HEREIN)

- "The duration of the payments": From page 3 of the Management District Plan: "The District will have a 5-year life beginning January 1, 2017 and ending December 31, 2021."
- "The reason for the assessment": As summarized from the Management District Plan, but more specifically from pages 22, 25 and 26: "This special benefit program is designed to attract more commercial customers and clients, employees, tenants and investors which may, in turn, increase business volumes, sales transactions, commercial occupancies, commercial rental income and return on investments for each commercial/industrial parcel and business within the District...As determined by the District Steering Committee through surveys, discussion and refinement, the top priority for the District...is the 'clean and safe' programming. The second priority...is administration and management...A more distant third priority is district identity and special projects (website, newsletters, social media and other marketing and business attraction and promotion efforts.)...These programs and services support improved commerce, increased employment, business attraction and retention, increased property rental income, and an increase in service-oriented businesses such as restaurants and retail, which represent desired amenities within the District..." The programs are planned to "...improve livability for patrons, visitors, employees and residents within the District by reducing crime, litter and debris, all considered detractions if not contained and properly managed. All services enhance the image and viability of the individually assessed parcels within the District...It was agreed that the priorities should be comprehensively reassessed upon any renewal of the District."

Existing City services will be enhanced, not replaced or duplicated, by District services. The services summarized below will provide special benefit to the parcels located within the District's boundaries.

Please refer to pages 22-26 of the Management District Plan for a detailed narrative of the proposed services, which are summarized below.

A summary of Services and Improvements is as follows:

1. Clean and Safe Programs

The Clean program will encompass all sidewalks, curbs and other rights-of-way of each parcel in the District that will be assessed and will include: sweeping, litter removal, bulky item removal, enhanced emptying of trash cans, pressure washing/steam cleaning, graffiti/flyer/sticker/gum removal, tree trimming and weeding and the cost of equipment necessary to provide these services.

The Safe program will provide patrol/ambassadorial services for each assessed parcel in the District and includes: personnel on foot, bike, or other vehicles (e.g. Segways, trucks, etc.), ambassadors (specially trained personnel able to provide directions, transit information, business information, event information, social service referrals, etc.), emergency assistance, crowd control, crime prevention activities (e.g. Neighborhood Watch), escort services and distribution of special bulletins (e.g. street closures, emergency alerts) and the cost of equipment necessary to provide these services.

2. District Identity and Special Projects

District Identity and Special Projects include activities such as the production and distribution of a quarterly newsletter, methods for measuring the level of satisfaction of businesses, employees and customers, and advertising and media exposure. Activities may also include holiday lighting, street banners, wayfinding, art installations and events.

3. Administration and Management

Administration and Management includes activities such as: operations, professional services such as legal, accounting and insurance. It also includes the production of quarterly and annual reports and budgets, the facilitation of regular Owners' Association meetings, and participation in professional peer and best practices forums. A key component is insuring the proper expenditure of District assessment funds consistent with the Management District Plan and in compliance with the City contract.

* "The basis upon which the amount of the proposed assessment was calculated":

Annual assessments are based upon an allocation of program costs by assessable footage. Three property assessment variables: building area, lot area, and frontage footage will be used in the calculation. Further, two benefit zones (Zone 1 and Zone 2) have been created due to the level of special benefit that will be derived from the assessment. As a result, each of the variables may be assigned different "weights" or percentage of value based on its relationship to programs or services to be funded. (See page 28 of the Management District Plan). It is noted that condominiums shall be assessed based on actual land area covered, condo building pad area and direct street frontage for each unit. (See page 30 in the Engineer's Report). No parcel that is zoned solely residential will be assessed.

For <u>commercial</u>, <u>industrial</u> and <u>government</u> parcel types, the interactive application of building and land areas and street frontage quantities are a proven method of fairly and equitably spreading special benefit costs to these beneficiaries of District funded services, programs and improvements. Each of these factors directly relates to the degree of special benefit each assessed parcel will receive from District funded activities.

<u>Building area</u> is a direct measure of the static utilization of each parcel and its corresponding impact or draw on BID funded activities such as district identity and special projects. In the opinion of the Assessment Engineer, the targeted weight of this factor, building area, should generate approximately 10% of the total District revenue. Building area will be assessed \$0.08 per square foot.

<u>Lot area</u> is a direct measure of the current and future development capacity of each parcel and its corresponding impact or draw on District funded activities such administration and management. In the opinion of the Assessment Engineer, the targeted weight of this factor, lot area, should generate approximately <u>20%</u> of the total District revenue. Lot area will be assessed \$0.11 per square foot.

<u>Frontage</u> is a direct measure of the current and future development capacity of each parcel and its corresponding impact or draw on BID funded activities such as clean and safe programs. In the opinion of the Assessment Engineer, the targeted weight of this factor, frontage, should generate approximately <u>70%</u> of the total BID revenue. Frontage will be assessed \$29.00 (Zone 1) and \$14.50 (Zone 2) per linear foot.

Page 27 of the Management District Plan lists the following proposed assessment methodology for 2017:

Proposed Venice Beach District Assessment Revenue by Source (2017 budget)

	District Totals	Unit	Rate	Total Assessment Revenue
Building	1,951,171	SF	\$0.08	\$156,094
Lot	3,293,946	SF	\$0.11	\$362,334
Frontage	56,965	LF	\$29.00 / \$14.50	\$1,333,980
				\$1,852,408

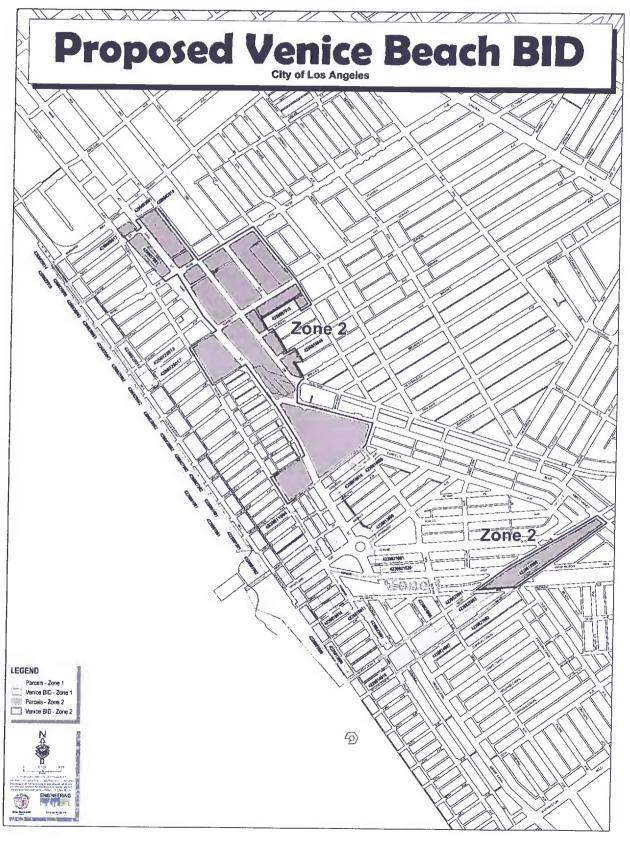

Zone 1 Assessment Revenue by Source (2017 budget)

	District Totals	Unit	Rate	Total Assessment Revenue

INSTRUCTIONS FOR COMPLETING YOUR BUSINESS IMPROVEMENT DISTRICT ASSESSMENT BALLOT

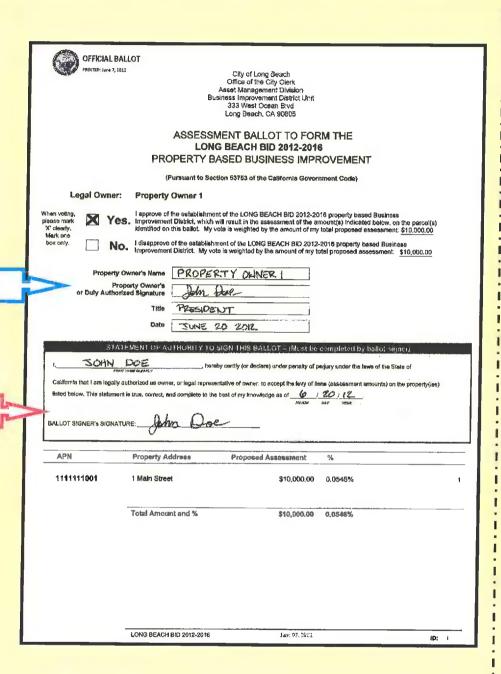

SAMPLE BALLOT

Your completed ballot should contain owner name, signature, and date in two separate locations.

LOCATION ONE

BOTH LOCATIONS
ONE & TWO MUST BE
COMPLETED

LOCATION TWO

BALLOT INSTRUCTIONS: Property owner(s) MUST complete the following steps:

A) REVIEW YOUR BALLOT

- 1) Match your name to the name listed as the legal owner.
- 2) Ensure that the APN numbers and property addresses on your ballot match your property.
- 3) Review the proposed assessment charge(s) and the percentage of the district-wide assessment associated with each individual parcel and for all your properties.
- Consider the options presented on the ballot.

B) MARK YOUR BALLOT

- 1) Fill in the box to either approve or disapprove the proposal listed in the ballot.
- 2) Fill out Property Owner's Name, Property Owner's or Duly Authorized Signature, your title, and the date (*location one*). This section affirms your ballot vote.
- 3) Read the Statement of Authority to Sign This Ballot. Complete the name, date and signature sections (location two). This section affirms your authority to vote for the property. (Please see WHO CAN SIGN section below)

C) SUBMIT BALLOT

You may submit your ballot in one of the following ways:

- By Mail: Place your completed ballot in the provided return envelope and mail to: 200 N. Spring St., Room 224, Los Angeles, CA 90012
- 2) By Facsimile: (213) 978-1130
- 3) In Person: John Ferraro Council Chamber Room 340, City Hall, 200 N. Spring St., Los Angeles, CA 90012

<u>Please note</u>: Your ballot must be received prior to the public hearing scheduled to consider this matter. The date, time, and place of the hearing are included in the accompanying public hearing notice.

Ballots will be weighted according to the financial obligation of the owners of the affected properties.

WHO CAN SIGN THE BALLOT?

The property owner should fill out the assessment ballot. The following guidelines outline who can sign your ballot based on the ownership:

- If the property is owned by an individual, the individual must sign.
- If the property is owned by a <u>corporation</u>, the ballot may be signed for the corporation by any
 officers pursuant to Corporations Code Section 313 (i.e., the Chairman of the Board, President, or
 Vice President <u>and</u> the Secretary, any Assistant Secretary, the Chief Financial Officer, or any
 Assistant Treasurer) or pursuant to the by-laws or by resolution of the corporation's Board of
 Directors.
- If the property is owned by a <u>partnership</u>, any general partner may sign.
- If two or more persons own the property as tenants-in-common, any one tenant-in-common may sign for all.
- If two or more persons own the property in joint tenancy, any one joint tenant may sign for all.
- If a property is held by <u>a married couple as community property</u>, both must sign the assessment ballot.

NOTE: In the event that more than one of the record owners of an identified parcel submits an assessment ballot, the amount of the proposed assessment to be imposed upon the identified parcel shall be allocated to each ballot submitted in proportion to the respective record ownership interests or, if the ownership interests are not shown on the record, as established to the satisfaction of the agency by documentation provided by those record owners. (Government Code Section 53753[e][1])

BID description

2 messages

Tue, Aug 2, 2016 at 12:58 PM

Hi Miranda, I hope you are doing well. There has been a lot of negative and incorrect information about the Venice BID floating around lately and we wanted to put more accurate info out. I wanted to run this by you to make sure we have our facts correct. If you can get back to me today that would be awesome. Thanks!

WHAT IS A BID?

A Business Improvement District, or BID, is a geographically defined area in which property owners form an assessment district to charge themselves a fee to pay for agreed upon services, activities and programs above and beyond those provided by the City of Los Angeles.

BIDs exist all over the United States, and are a common and popular tool to improve and beautify neighborhoods. Every major city in America has BIDs. San Francisco, San Diego, New York City all have multiple BIDs. There are more than 40 BIDs in the City of Los Angeles, in a wide and diverse range of communities, including in Downtown Los Angeles, Hollywood, Westchester, Brentwood, Pacific Palisades, Canoga Park, Encino, Leimert Park, South Los Angeles, and Wilmington.

BIDs can choose to provide a range of services to supplement those provided by the City. That can include cleaning and maintenance, additional security, special event programming, and marketing. The BID itself determines which services to provide through the fees raised by the special assessment district.

In the case of the Venice BID, assessed fees could be used for more frequent restroom cleaning, maintenance of the boardwalk, or additional security. The goal is to provide a safer and cleaner neighborhood for <u>everyone</u> to enjoy. Despite considerable attention and resources directed to the area, Venice Beach and nearby areas are still in dire need of the kind of extra attention that a BID could provide.

BACKGROUND ON BIDS AND ASSESSMENT DISTRICTS

A BID does not govern, manage or control public property. It is merely an assessment district that provides supplemental services to the neighborhood.

Assessment districts are quite common. For instance, in the state of California, that is how street lighting is paid for. Property owners determine whether or not they want street lighting, and if they vote that they do, then each house which benefits from that light directly is assessed on their tax bills the amount of money to pay for it. Pedestrians and drivers also benefit peripherally as they get more lighting when they pass by, but since it is not direct and every single day, they are not assessed. Only property owners within the BID boundary pay anything extra.

In another example, a couple of years ago, property owners in a Mar Vista neighborhood voted to assess themselves money to do curb and gutter repairs in their neighborhood. Only those who front those streets and live with them every day are asked to vote and then pay the additional assessment fee, but they do not get exclusive use of the road in return. The roads still belong to the general public and all sorts of vehicular drivers, pedestrians and bicycle riders also may use the streets and would benefit from the improvement.

Under state law, businesses and property owners are allowed to use assessment districts to create BIDs.

Former Councilmember Bill Rosendahl urged property owners to form a BID as early as 2008, as did the Venice Neighborhood Council. Councilmember Bonin supported the formation of the BID as a candidate in 2012 and 2013, and has been publicly stating his support for it since taking office.

THE APPROVAL PROCESS

The Venice BID has gone through the exact same public process as each and every BID and other assessment district in Los Angeles, with a public hearing and input from property owners and people who love Venice. The

process includes petitions, public hearings, and an election.

To start a BID in Los Angeles, a group of property owners or business owners (the Venice BID is a property owner BID, not a business owner BID) get together to determine they want to create a BID to assess themselves to make improvements to the neighborhood. Once they determine they want to move forward, they hire a project manager who helps them determine proposed boundaries and proposed priority services. They then consult with the City Clerk to ensure that they follow the City's implementation processes and develop a boundary map and a management plan. Then the proposed BID is subject to a petition process. Petitions explaining the BID, its boundaries and what it would do are sent to all property owners within the BID boundaries. Property owners then submit their petitions with either a yes or no vote on whether or not they want a formal BID to be considered. Approval of the owners of a majority of the total value of the properties in the BID area is required to move forward (for example, if the combined property values in a bid area equal \$100, the owners of at least \$51 dollars worth of the properties must approve the BID for it to move forward). Following a public hearing, the City Council certifies the petitions. The next step is an actual election. Ballots are mailed to every property owner in the proposed BID area. To win approval, the proposed BID must win support from the owners of a majority of the total value of property who return ballots.

Because BIDs are assessment districts that levy fees on its members, state law restricts the voting to those being asked to pay, and though everyone gets to benefit from the improvements made by the BID, only the property owners paying for it get to vote in the BID election.

Hi Debbie.

Please call me if you have any questions. Please note the amendments below in bold (the Prop 218 ballot can not be called an election):

On Tue, Aug 2, 2016 at 12:58 PM, Debbie DynerHarris <debbie.dynerharris@lacity.org> wrote:
Hi Miranda, I hope you are doing well. There has been a lot of negative and incorrect information about the Venice BID floating around lately and we wanted to put more accurate info out. I wanted to run this by you to make sure we have our facts correct. If you can get back to me today that would be awesome. Thanks!

WHAT IS A BID?

A Business Improvement District, or BID, is a geographically defined area in which property owners form an assessment district to charge themselves a fee to pay for agreed upon services, activities and programs above and beyond those provided by the City of Los Angeles.

BIDs exist all over the United States, and are a common and popular tool to improve and beautify **commercial** <u>neighborhoods</u>. Every major city in America has BIDs. San Francisco, San Diego, New York City all have multiple BIDs. There are more than 40 BIDs in the City of Los Angeles, in a wide and diverse range of communities, including in Downtown Los Angeles, Hollywood, Westchester, **San Pedro (wouldn't mention Brentwood)**, Pacific Palisades, Canoga Park, Encino, Leimert Park, South Los Angeles, and Wilmington.

BIDs can choose to provide a range of services to supplement those provided by the City. That can include cleaning and maintenance, additional security, special event programming, and marketing. The BID itself determines which services to provide through the fees raised by the special assessment district.

In the case of the Venice BID, assessed fees could be used for more frequent restroom cleaning (not listed - listed in bold below ins the clean and safe category from the Management District Plan, maintenance of the boardwalk, or additional security. The goal is to provide a safer and cleaner commercial neighborhood.

E<u>veryone</u> can enjoy the special benefits provided by the proposed Venice Beach Business Improvement District. Despite considerable attention and resources directed to the area, Venice Beach and nearby areas are still in dire need of the kind of extra attention that a BID could provide.

Clean encompasses all sidewalk, curb and other right-of-way services in the District and includes: sweeping, litter removal, bulky item removal, enhanced emptying of trash cans, pressure washing/steam cleaning, graffiti/flyer/sticker/gum removal, tree trimming and weeding. Clean also includes the cost of equipment necessary to provide these services. Clean may also include property owner notification of conditions on private property that are unsafe or unfavorable to creating and preserving a clean and safe environment in the District (e.g. broken window/gate, vandalism, accumulated debris/garbage, etc.) Clean may also include notification to the City or other entities as appropriate (e.g. utilities) of any damage to public infrastruture or utilities.

BACKGROUND ON BIDS AND ASSESSMENT DISTRICTS

A BID does not govern, manage or control public property. It is merely an assessment district that provides supplemental services to the neighborhood.

Assessment districts are quite common. For instance, in the state of California, that is how street lighting is paid for. Property owners determine whether or not they want street lighting, and if they vote that they do, then each house which benefits from that light directly is assessed on their tax bills the amount of money to pay for it. Pedestrians and drivers also benefit peripherally as they get more lighting when they pass by, but since it is not direct and every single day, they are not assessed. Only property owners within the BID boundary pay anything extra.

In another example, a couple of years ago, property owners in a Mar Vista neighborhood voted to assess themselves money to do curb and gutter repairs in their neighborhood. Only those who front those streets and live with them every day are asked to vote and then pay the additional assessment fee, but they do not get exclusive use of the road in return. The roads still belong to the general public and all sorts of vehicular drivers, pedestrians and bicycle riders also may use the streets and would benefit from the improvement.

Under state law, businesses and property owners are allowed to use assessment districts to create BIDs.

Former Councilmember Bill Rosendahl *urged* **supported** property owners to form a BID as early as 2008, as did the Venice Neighborhood Council. Councilmember Bonin supported the formation of the BID as a candidate in 2012 and 2013, and has been publicly stating his support for it since taking office.

THE APPROVAL PROCESS

The Venice BID has gone through the exact same public process as each and every BID and other assessment district in Los Angeles, with a public hearing and input from property owners and people who love Venice. The process includes petitions, public hearings, and an **Proposition 218 ballot**.

To start a BID in Los Angeles, a group of property owners or business owners (the Venice BID is a property owner BID, not a business owner BID) get together to determine they want to create a BID to assess themselves to make improvements to the neighborhood. Once they determine they want to move forward, they hire a project manager who helps them determine proposed boundaries and proposed priority services. They then consult with the City Clerk to ensure that they follow the City's implementation processes and develop a boundary map and a management plan. Then the proposed BID is subject to a petition process. Petitions explaining the BID, its boundaries and what it would do are sent to all property owners within the BID boundaries. Property owners then submit their petitions with either a yes or no vote on whether or not they want a formal BID to be considered. Approval of the owners of a majority of the total value of the properties in the BID area is required to move forward (for example, if the combined property values in a bid area equal \$100, the owners of at least \$51 dollars worth of the properties must approve the BID for it to move forward). Following a public hearing, the City Council certifies the petitions. The next step is an actual Proposition 218 ballot. Ballots are mailed to every property owner in the proposed BID area. To win approval, the proposed BID must win support from the owners of a majority of the total value of property who return ballots.

The Councilmember would like the BID item to be heard at committee given how much interest there has been on this issue. He'd rather that hearing didn't happen at Council. I realize this may set us back but not necessarily as we can get it on next week's agenda.

Debbie

Thank you. I will save the date for ED Committee.

Will it be possible to get it on the Weds council agenda, or are we looking at Friday?

I have had some bad experiences with items on the last day before recess not being approved prior to recess for purely procedural reasons.

Miranda - as an ordinance, how many votes does it require to be approved on a first reading? I always forget if it is 10 or 12.

Hello.

A placeholder can be requested for Friday. I don't think it can be requested for Wednesday. I will ask. It takes 12 votes first reading.

I am dialing your number now Tara.

Hello.

CD11 would like to have the proposed Venice Beach Business Improvement District scheduled in the Economic Development Committee on Tuesday with a placeholder in Council on Wednesday. We have the completed City Clerk Report and Ordinance and will have the establishing documents tomorrow morning. Can you please set aside a Council File number and place the matter on the agendas?

Rita Moreno is the BID Analyst and can be reached at 978-1122 or me at 978-1111.

Thank you.

Miranda, if you have some of this ready to go, can you send it through Novus so CPS can issue it a Council file number? The numbers don't get generated until a document goes through Novus. This item is the only thing holding up the Wednesday agenda and since the placeholder has been written up, they can move it forward once the Council number is issued.

I may have missed it, but I haven't been able to locate a BID ordinance on Wednesday's agenda: http://ens.lacity.org/clk/councilagendas/clkcouncilagendas3104284 06292016.html

On Fri, Jun 24, 2016 at 5:10 PM, Debbie DynerHarris debbie.dynerharris@lacity.org wrote:

Venice. And there is no council next week, so it can't go to the next Wednesday, Yes, if it looks like we don't have 12 we should definitely consider pushing to friday, thanks

On Fri, Jun 24, 2016 at 4:07 PM, John Gregory <john.gregory@lacity.org> wrote: What BID is this one?

On Fri, Jun 24, 2016 at 3:50 PM, John Gregory <john.gregory@lacity.org> wrote: Hi Debbie,

I will make sure Mike requests forthwith and will ensure if they don't hit 12 members during the meeting, that they reconsider the item during Wednesday's meeting to avoid the need for a second reading at a subsequent meeting. Unfortunately, all ordinances have to go over to the following week, so Friday isn't doable.

If for some odd reason we don't get 12 members and this can't wait until after Recess for second consideration, it may be wise for us to continue it until Friday if we can get 12 members, in order for it to be adopted on the first reading. I doubt this will be necessary, but it's something that just occurred to me as a last resort option.

John
